Proceeds to benefit: Funds raised from *The Parents Prom* will enhance the school grounds by incorporating Peaceful Playgrounds Physical Activity Programs. These programs will provide the blueprints and necessary materials to transform some of our outside space and design permanent playground activities that help make activity time more positive and productive: alphabet and number grids, hopping and skipping lines, and multiuse circles and squares are just a few of the nearly 100 activities that can be added. This budget friendly approach is intended to maximize the number of students involved in physical activity, rather than having them wait in line, or just stand around talking. Children six years and older need a minimum of 60 minutes of physical activity a day, Peaceful Playgrounds not only encourages physical activity but also enhances learning, prevents bullying and promotes positive school interactions on the playgrounds. St. Mary's is committed to providing a comprehensive learning environment where both work and play are incorporated.
