

A Community of Faith, Tradition and Excellence

Dear St. Mary's School Supporter,

As another great school year at St. Mary's School comes to an end, we continue to look forward toward our bright future.

This upcoming school year we will be welcoming over 40 new families into our school community. Our enrollment has continued to skyrocket, growing over 50% over the past three years. We are so fortunate to be able to provide a quality, Catholic education to so many local families. However, we are at the end of the functional capacity of our current school building.

Our school leadership is currently looking into creative solutions to maximize the potential that our school's campus has to offer. Now is a critical time for our school to adapt to the changing landscape of Catholic education and continue to be the fastest growing school in the Diocese of Albany. In order to deliver this mission, we need your help.

I humbly ask your organization to consider becoming a St. Mary's School Sponsor. You can find sponsorship details attached to this letter. As a St. Mary's School Sponsor you will be featured at our two premier events, the Parents Prom and the Golf Tournament, and also recognized in other ways throughout the school year.

The Parents Prom is an opportunity to gather and honor some important members of our school community. This year's honorees are Mr. Jerry Cramer (Faculty Award) and Mr. Joseph Senecal (Community Award). Mr. Cramer has worked at St. Mary's for the past ten years. Although his official job title is maintenance, all of our students can tell you he does so much more! Mr. Senecal has also worn many hats in his decades of service as a parent, School Board Member, CYO Commissioner and Parish Trustee. Both of these men truly embody the Crusader spirit and I look forward to celebrating them later this year.

The L. Scott Cuomo Golf Tournament returns to Van Patten this year for the 19th edition of this great St. Mary's School tradition. I would love to have you and your organization be a part of this fun day. Scott was a proud supporter of St. Mary's School and it is an honor to remember him at this event each summer.

Thank you for your support. The future of St. Mary's School is bright because of all of our generous supporters.

Sincerely,

Matthew Rucinski
